

Spring Branch Park Pet Policy

Pets must be kept under control at all times. Aggressive or annoying animals must be kept leashed or tethered at all times. The use of a shock collar or other electronic device does not meet these requirements. Dog walk areas are clearly marked and use of pet waste bags is strongly encouraged. Outside the designated dog walk areas use of pet waste bags is mandatory. Pet owners assume all responsibility for their pets at all times while in the park. Violations of the pet policy is cause for immediate eviction from the park property. Under these circumstances, no refunds will be given.
